EXPERIENCE

TACKOOM : DIGITAL COUNSELLING MARKETPLACE,

Frontend (ReactJS) and Graphics Design Intern

New Baneshwor, Kathmandu

Oct 2023 – Feb 2024

- Collaborated with a developer using ReactJS and Figma to design and implement the frontend of a website, gaining hands-on experience in frontend development and improving my skills in HTML, CSS, and JavaScript.
- Learned the end-to-end process of website building, including design concepts, development workflows, and version control systems like Git, while actively contributing to a dynamic team environment focused on delivering high-quality results.

SXC SANDBOX HACKATHON (BISAU: SMART PARKING APP)

Frontend (ReactJS) and Graphics Design (Figma and Powerpoint)

Maitighar, Kathmandu

Jan 26 – 28, 2024

- Integrated Leaflet JS alongside ReactJS during a 48-hour hackathon to design and develop a smart parking app, leveraging interactive maps and geolocation features to enhance user experience and functionality.
- Integrated visuals, data, and key points effectively in the presentation deck, demonstrating a strong understanding of the project's goals, target audience, and market potential, contributing to the project's recognition and success in the competition.

UNKNOWN WARRIOR ESPORTS

Graphics Designer (Photoshop, Illustrator, After Effects)

Kathmandu

November 2020 – Jul 2022

- Designed logo and graphics pack for tournaments and social media posts
- Animated logo intro and basic video editing
